

MFP **Repro**

36" 44"

**FULL-FEATURED
MFP SOLUTIONS**

TURN ALL YOUR PRINTERS INTO COPIERS, WITH GREAT PERFORMANCE AND VERSATILITY

Small footprint with high performance

Turn any new or existing printer into a copier, giving the small footprint you need without compromising on performance and versatility.

MFP Repro is a full-featured solution for scanning, copying, sharing and enhancing. You get outstanding image quality, with real-time view of enhancements and automatic cleanup of faded, dirty, or poorly shaded documents. Built-in workgroup collaboration capabilities mean anyone can scan to email, scan to folder, and share the scanner with others.

Contex solutions fit any environment, like copying, printing and scanning in the office as well as in copy shops.

A Contex MFP Repro bundle includes a scanner, intuitive Nextimage REPRO software for scanning and copying, and a high stand. Also available with low stand for side-by-side solutions.

Mark-up and annotate directly on the touchscreen

Make simple changes by drawing on the screen

Printer compatibility

MFP Repro solutions are compatible with all major printer brands.

Supports popular file formats

You can work with all of the most used file formats like PDF, PDF/A, TIFF and JPG

Included drivers for popular operating systems

The MFP solutions support Windows 10, 8, and 7 in 64-bit

Send scan to printers via network or USB

You can send your scans to an unlimited number of printers via your network or USB

THE MOST POWERFUL MFP SOLUTIONS

Features	Scan to Email / Copy / File	

- Supported printers that do not fit under the high stand can be operated side-by-side
- Signal Intensity Matching (SIGMA) is a Context patent. Sensor heating during a scan can cause inhomogeneous images. Thanks to Context innovative thinking, our IQ Quattro scanners will minimize sensor differences LIVE during a scan
- Context applications create industry standard raster file formats that can be used in any CAD or GIS application
